

## SIPSELECT SERVICES

*SIPSELECT SERVICES* from *Network Intelligence* provides System Integrators with the features and flexibility previously only available through a reseller delivering carrier services. Services can be selected directly from the carrier or delivered on a single IP connection as a managed service. Plus, a single bill can be issued for all services. Our unique Wholesale Carrier pricing produces rates below what you are paying today from the same carrier.

*SIPSELECT* utilizes direct relationships with 40+ carriers. Each carrier has unique capabilities which we leverage to help our customers deliver the technical and cost savings dictated by their business plan. A few of the suppliers are listed below:

Telecom Suppliers	Hosted Application Suppliers
