- **Single Bill for End-User**
  - All carriers and services

## **Select Your Own Commission**

- **How does Select your own Commission Work?**
  - We provide the cost of services by commission rate.
  - You determine what the market will bear.
  - Multiple rate decks based upon the commission rate you select.
  - Custom rate decks and commission rates available on request.
  - In opportunities where you have customer rates, we can provide the underlying costs and let you determine the commission. We then bill the new rate to the client and send you the commission.
